Dearly Beloved,

We are excited to share a monumental step forward in the ongoing development of our church building. The **ECWA Central Area Tower Project** has progressed tremendously, and now we are looking ahead to completing the **tower structure from the 3rd floor and above**.

The tower stands as a symbol of our faith and commitment to God, serving not only as a landmark of our community but also as a place for ministry, reflection, and outreach. This next phase of the project represents a critical milestone, requiring the collective support, prayers, and contributions of everyone in the church family.

Project Update

- **Current Progress:** The tower has reached the 3rd floor, showcasing the dedication and hard work of the entire team.
- **Next Phase:** Completing the structure from the 3rd floor upwards, including the spire and finishing touches that will give the tower its iconic look.

Purpose: The completed tower will house additional facilities for ministry, provide a beacon of hope for the community, and enhance the aesthetics of our church building.

How You Can Support

1. **Pray:** Join us in fervent prayers for the success of this project and the safety of the workers.
2. **Give:** Your financial contributions, no matter how big or small, will make a significant difference.
3. **Volunteer:** If you have expertise or resources that can contribute to this phase, we would love to hear from you.

Ways to Give

- **Kingdom Investment (See Announcement Page 2)**
- **On-Site Donations:** Visit the church office to make your contributions.

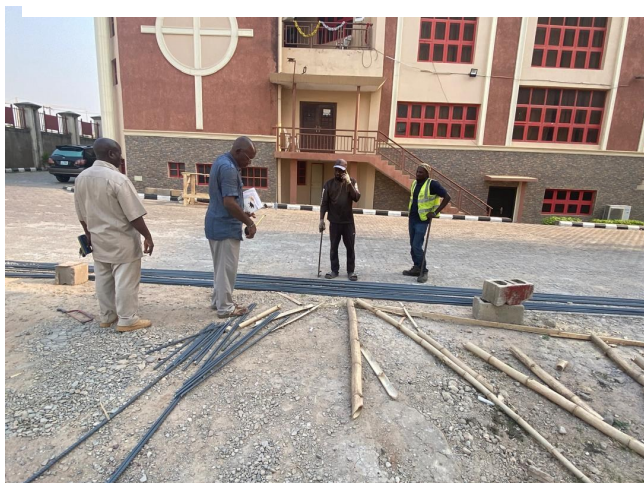

Let us come together in unity to complete this tower to the glory of God. As it is written in **Nehemiah 2:20**, *"The God of heaven will give us success. We his servants will start rebuilding."*

Thank you for your continued support and dedication to the work of the Lord. Together, we will see this vision fulfilled.

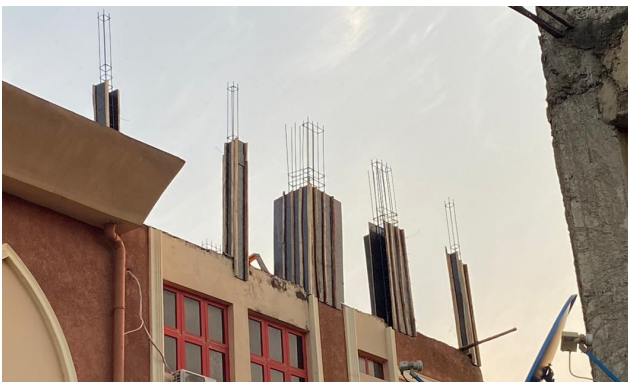

Blessings,

ECWA Central Area Abuja Building Committee
